

Fig. 1

Create building blocks

Add a random suffix to each building block file name, and place in directories of building blocks

For each interest group, create a page with frames containing appropriate building block and/or hyperlinks to building blocks, and create a random name for this page

For each interest group, send e-mail to all the members of the group, informing them the URL of group's page

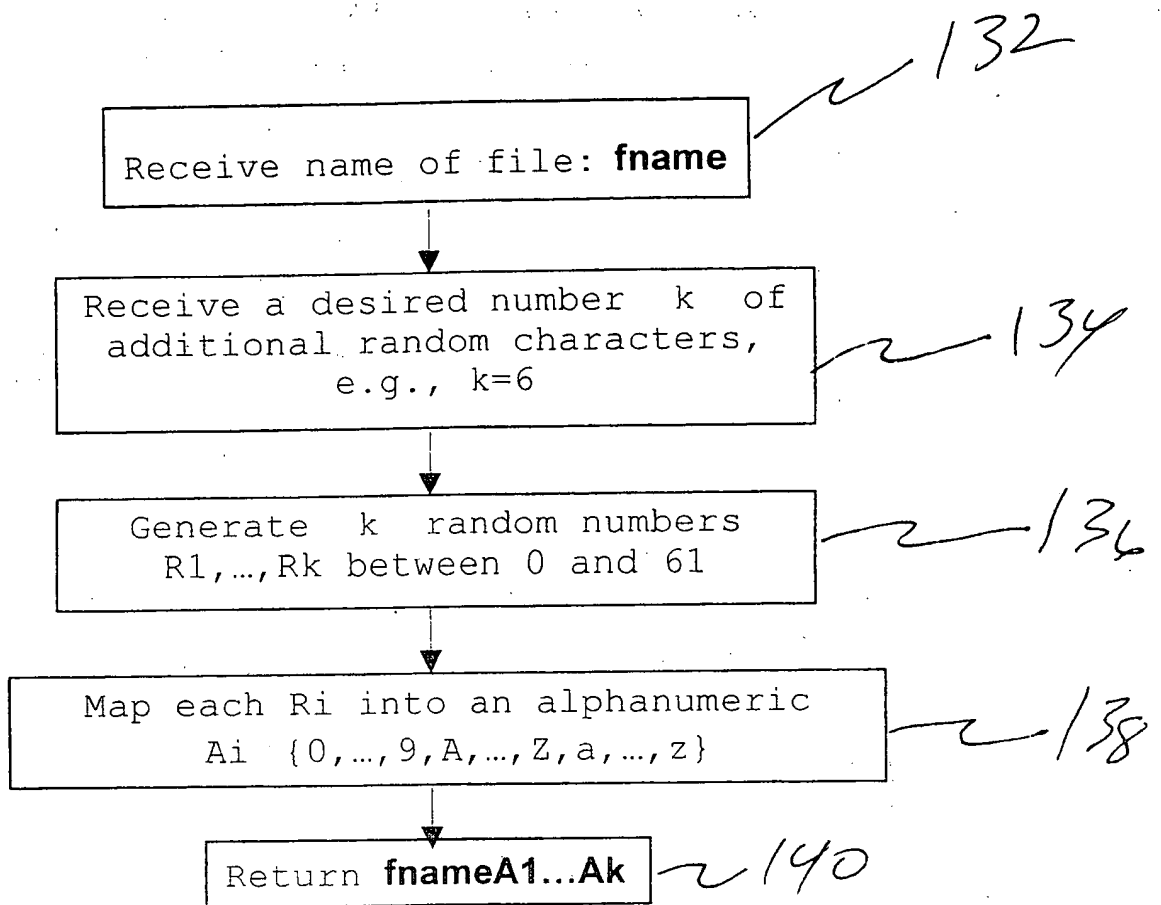

Fig. 2

Delete last k characters of page file name

Add a random suffix to each group page file name

Send e-mail to all the members of the group, informing them the new URL of group's page
